

***Effective 5/10/2016***

**63M-4-505 Report to the Legislature.**

The office shall annually provide an electronic report to the Public Utilities, Energy, and Technology Interim Committee and the Revenue and Taxation Interim Committee describing:

- (1) its success in attracting alternative energy projects to the state and the resulting increase in new state revenues under this part;
- (2) the amount of tax credits the office has granted or will grant and the time period during which the tax credits have been or will be granted; and
- (3) the economic impact on the state by comparing new state revenues to tax credits that have been or will be granted under this part.
